DELAWARE DEMOCRATS IN REPUBLICAN PRIMARIES

Their Votes Causing a Flurry Among Politicians as to Intent. WILMINGTON, Del., Sept. 30.—Did the Democrats who voted at the Republican primaries and assisted in nominating the legislative candidates in a number of districts intend to vote for them in the election, or was there a trick in it? This is the question which is now agitating some of the Republicans, and they have not found an answer with known that in this city a large number of Democrats either voted or attempted to vote at the primaries in certain districts. In one district the vote of one Democrat was challenged, and there came near being trouble.

In some of the country districts it is alleged the same thing occurred and some declare that the "wet" people were behind the Democrats and assisted in making the nominations. Some Republicans are inclined to think the thing was a trick, but others believe the Democrats are tired of their own party on account of the heavy losses and have turned to the Republican ticket. For that reason they took part in the Republican primaries.

ELECTION PROBE REFUSED

Judge Johnson Dismisses Delaware County Grand Jury's Information. MEDIA, Pa., Sept. 30.—Judge Johnson late yesterday afternoon refused to permit the Delaware County Grand Jury to probe alleged election frauds in the Sixth Ward, Chester. The Grand Jury came before the court with information that it had been furnished affidavits that a chain system had been worked in the Sixth Ward, Chester. That is to say, the voter would go into a booth with a blank ballot which he would deposit in the ballot box. The legal ballot he would take away and this would be marked for the next voter, who in turn retained the official ballot handed him. In this way ballots of many voters could be illegally marked.

In refusing to allow the Grand Jury to investigate Judge Johnson said: "Under the law members consider only such matters as are regularly brought before it or which come within the personal knowledge of the members. The Grand Jury then submitted its report and was discharged for the term."

POLITICS HOLDING CENTRE OF STAGE TODAY IN MICHIGAN

Fall Convention of Democrats, Republicans and Progressives Assemble to Make Nominations. DETROIT, Mich., Sept. 30.—Politics held the centre of the stage in Michigan today when the fall conventions of the three big political parties—Democratic, Republican and Progressive—were assembled. The Democrats held their sessions here, the G. O. P. forces met in Kalamazoo, while the Bull Mooseers held forth at Bay City.

Each party was to make its nominations for the offices of Secretary of State, Auditor General, Attorney General, State Treasurer and State Land Commissioner, in addition to selecting new State central committees and drafting platforms. Interest centered in the Democratic conventions, where the long standing feud between the "Wilson-Democrats" and the Wood-Shields faction threatened trouble. State Chairman Shields declared early today that the "organization" wing would be in complete control, although the "Progressives" promised to make a last-ditch fight for the seating of their contesting delegation from Wayne (Detroit), Calhoun and Delta Counties. Success in this fight would give them control of the convention and subsequent control of the party organization in Michigan.

WASHINGTON HOPEFUL

Bryan Thinks Prospects for Settlement Better Than Ever. WASHINGTON, Sept. 30.—Advices from Mexico City and Chihuahua, General Villa's headquarters, brought assurances to the Washington Administration that the conference at Torreon today between Villa and representatives of Provisional President Carranza would avert the upheaval in Mexico threatened by Villa's declaration of independence and bring peace at last to the republic. Dispatches from Mexico carried the news that Villa, on his way to meet the envoys of Carranza, had declared that "everything is working satisfactorily" and that peace soon would be established. This information caused Secretary Bryan and other administration officials to declare the prospects for the end of strife in Mexico very bright.

Ravenel, who have accomplished all that was possible to make the stay in the capital of the visiting delegates a pleasant one and the meeting a success.

OLD GUARD ASKS FEDERAL EMPLOYEES FOR CAMPAIGN AID

Letters From Democratic City Committee Viewed With Suspicion as Product of Bipartisan Machine. Federal employees in this city believe that a secret investigation to determine the political affiliation of every person employed in the various Federal departments here is being conducted by agents from Washington. There is little possibility, however, of the results of the investigation being made public, the employees say, since one of the first things that will be uncovered will be the attempt of the "Old Guard" Democratic City Committee to levy political assessments upon the Federal employees.

BETTING BEGGARS RICH MAN

Street Car Conductor Who Won \$250,000 Now Poor Again. NEW YORK, Sept. 30.—Arraigned in court today on a charge of robbing a house, Frank Englar, a former street car conductor, who ran up 75 cents to \$250,000, told how he had squandered his riches. "I couldn't quit the betting game," he said, "and in the end they got me—out for everything, cleaning me out down to a nickel." In 1905 Englar visited Gravesend track with 75 cents in his pocket. He won, bet again and won, and by night had several hundred dollars. He quit his job as a trolley conductor and started following the ponies. In less than a year he was known to have won \$250,000. Former Employee Charges Alienation of Wife's Affections. NEW YORK, Sept. 30.—Kelly M. Turner, inventor of the dictagraph, is a defendant today in a suit for \$100,000 for alienation of the affections of Mrs. Anna Merrill Harvey, brought by her husband, Newton O. Harvey, a former agent in a large Canadian city for the company that makes the instruments. The complaint sets forth that the Harveys were married in 1904, that they have two children, and that the couple lived happily together until last August, when Turner, through flattery and other means, induced Mrs. Harvey to leave her husband. Counsel for Harvey says Turner not only won her affections, but discharged Harvey from the agency and gave the job to Mrs. Harvey.

Four Members Declared Eligible to Sit in Assembly. House to Decide Status of Two Others. DOVER, Del., Sept. 30.—Attorney General Josiah O. Wolcott and Code Commissioners Herbert H. Ward and T. Bayard Heisel, to whom was referred the question of eligibility of six members to sit in the special session, today submitted a report to the General Assembly. They declared that no technicalities surrounded the right to sit of Senator Harris and Representatives McDonald and Stoeckel, and Speaker Holcomb. In the cases of Representatives Cooper and Swan, who are charged with being dual officeholders, they reported that there was doubt, but that the House, under the Constitution, was the judge of the eligibility of its members.

CARE OF NORTHERN NEGRO TRANSFERRED BY PRESBYTERIANS

Freedman's Aid Society Takes Charge of Work as in South—May Devote \$100,000 to Prohibition. ATLANTIC CITY, Sept. 30.—In the interest of uniformity, the Executive Commission of the Presbyterian General Assembly today voted to transfer the care of the Negro race in the North from the Board of Home Missions to the Freedman's Aid Society. The latter body has had charge of work among Negroes in the South, and its jurisdiction is to be extended over the North also, with largely increased powers and facilities. An increase of one per cent in the budget for temperance, recommended by the subcommittee on finance yesterday, will make \$100,000 available. It was stated today, for aggressive church co-operation in States where prohibition amendments are pending. The Rev. E. F. Steffens, of Dubuque Seminary, who is here to ask the Executive Commission for an increase of \$50,000 in his appropriation, today announced an unexpected gift of \$500 by a Philadelphian whom he was requested not to name.

COLOR LINE AT CORNELL

Mother of Negro Girl Student Alleges Discourtesy. ITHACA, N. Y., Sept. 30.—An alleged attempt to draw the color line against her daughter, Miss Adelaide Cook, a Cornell first-year student, has caused Mrs. Catherine Charles C. Cook, a well-to-do colored woman of Washington, to file a protest with President Schurman and to appeal to the National Association for the Advancement of Colored People, of which Henry Villard, of New York, is president. Mrs. Cook says five white girl students from the South have created a situation unpleasant for her daughter in Sage Hall, a dormitory. These girls, she says, demand that Miss Cook and another colored student be barred from the dormitory, but such action the authorities refused to take. Mrs. Cook now fears that an effort will be made to segregate her daughter, and she proposes to fight.
